Directors report
Year ended 31st December 2019

The directors present their report and the unaudited financial statements of the company for the year ended 31st December 2019.

Directors
The names of the persons who at any time during the financial year were directors of the company are as follows:

[redacted]

Principal activities
The principal activity of the company continued to be the manufacturing and printing of stationery.

Development and performance
The company has continued to improve performance in recent years, increasing profitability levels in a challenging and rapidly changing industry.

Principal risks and uncertainties
In common with all companies operating in Ireland in the current economic climate the company faces increased challenges. The directors however are of the opinion that the company is well placed to manage its affairs. As a result of the decision of the United Kingdom to leave the EU, Brexit should also be considered as a risk.

In the first half of 2020, the outbreak of Covid-19 spread throughout Asia, Europe and Worldwide. The initial impact of this has been severe and has resulted in a significant worldwide slowdown in economic activity. In Ireland, the economic impact of this pandemic has been characterised by the temporary closure of many businesses in "non-essential"areas to ensure that people's movements are restricted in order to slow down the spread of the virus. The effect of Covid-19 presents many risks for the company, the effects of which cannot be fully quantified at the time of approving the financial statements.

Likely future developments
The directors are not expecting to make any significant changes in the nature of the business in the near future.

Dividends
During the year the directors have not paid any dividends or recommended payment of a final dividend.

Events after the end of the reporting period
In the first half of 2020, the COVID-19 virus spread worldwide. In common with many other countries, the Irish government issued guidance and restrictions on the movement of people designed to slow the spread of this virus. In early March 2020, many businesses closed voluntarily and throughout the month more restrictions were placed on people and businesses. On 28th March 2020, all "non-essential"businesses were ordered to close temporarily.

The company reacted to these conditions and whilst this has resulted in the company remaining operational during the period, there has been a reduction in trading levels as a result of Covid-19. The directors are confident however that the company will be fully operational once the period of restriction is lifted.

Research and development
The company did not engage in any research and development during the year.

Accounting records
The measures taken by the directors to secure compliance with the requirements of sections 281 to 285 of the Companies Act 2014 with regard to the keeping of accounting records are the implementation of necessary policies and procedures for recording transactions, the employment of competent accounting personnel with appropriate expertise and the provision of adequate resources to the financial function. The accounting records of the company are located at the business address.

This report was approved by the board of directors on 22nd September 2020 and signed on behalf of the board by:

Directors responsibilities statement
Year ended 31st December 2019

The directors are responsible for preparing the directors report and the financial statements in accordance with applicable Irish law and regulations.

Irish company law requires the directors to prepare financial statements for each year. Under the law, the directors have elected to prepare the financial statements in accordance with Companies Act 2014 and FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" issued by the Financial Reporting Council, and promulgated by the Institute of Certified Public Accountants in Ireland. Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the company as at the year end date and of the profit or loss of the company for the year and otherwise comply with the Companies Act 2014.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with applicable accounting standards, identify those standards, and note the effect and the reasons for any material departure from those standards; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for ensuring that the company keeps or causes to be kept adequate accounting records which correctly explain and record the transactions of the company, enable at any time the assets, liabilities, financial position and profit or loss of the company to be determined with reasonable accuracy, enable them to ensure that the financial statements and directors report comply with the Companies Act 2014. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

On Behalf of the Board

Accountants' Report to the board of directors on the Unaudited financial statements of [redacted] Ltd. Year ended 31st December 2019

We have compiled the financial statements which comprise the income statement, statement of income and retained earnings, statement of financial position, statement of cash flows and related notes of [redacted] Ltd. for the year ended 31st December 2019.

Respective responsibilities of directors and accountants

As described on page 3 the company's directors are responsible for the financial statements. It is our responsibility to compile the financial statements of [redacted] Ltd. from the accounting records, information and explanations supplied to us by the directors.

Scope of work

We compiled the financial statements in accordance with the guidance contained in M14 (Revised) Compiling and reporting on financial statements of entities not subject to audit from the accounting records and information and explanations supplied to us by the directors.

We have not audited or otherwise attempted to verify the accuracy or completeness of such records, information and explanations and, accordingly, express no opinion on the financial statements.

1. Statement of compliance

These financial statements have been prepared in compliance with FRS 102, 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

2. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through profit or loss.

The financial statements are prepared in euros, which is the functional currency of the entity.

Going concern

During the first quarter of 2020, The Covid-19 pandemic has spread initially from Asia to Europe and subsequently worldwide. The initial economic effect of this has been a worldwide slowdown in economic activity and the loss of jobs across many businesses. In Ireland there are restrictions placed on "non-essential"businesses which has resulted in many businesses temporarily closing in measures designed to restrict the movement of people and to slow down the spread of the virus.

The company has continued to trade during this period and has not seen a significant effect on its trading activities as a result of the virus. The directors are confident that the company will continue as a going concern.

The financial statements have been prepared on a going concern basis.

Turnover

Turnover is measured at the fair value of the consideration received or receivable for goods supplied and services rendered, net of discounts and Value Added Tax.

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership have transferred to the buyer, usually on despatch of the goods; the amount of revenue can be measured reliably; it is probable that the associated economic benefits will flow to the entity and the costs incurred or to be incurred in respect of the transactions can be measured reliably.

Taxation

The taxation expense represents the aggregate amount of current and deferred tax recognised in the reporting period. Tax is recognised in the statement of comprehensive income, except to the extent that it relates to items recognised in other comprehensive income or directly in capital and reserves. In this case, tax is recognised in other comprehensive income or directly in capital and reserves, respectively.

Current tax is recognised on taxable profit for the current and past periods. Current tax is measured at the amounts of tax expected to pay or recover using the tax rates and laws that have been enacted or substantively enacted at the reporting date.

Deferred tax is recognised in respect of all timing differences at the reporting date. Unrelieved tax losses and other deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing difference.

Tangible assets

Tangible assets are initially recorded at cost, and are subsequently stated at cost less any accumulated depreciation and impairment losses.

Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

An increase in the carrying amount of an asset as a result of a revaluation, is recognised in other comprehensive income and accumulated in capital and reserves, except to the extent it reverses a revaluation decrease of the same asset previously recognised in profit or loss. A decrease in the carrying amount of an asset as a result of revaluation is recognised in other comprehensive income to the extent of any previously recognised revaluation increase accumulated in capital and reserves in respect of that asset. Where a revaluation decrease exceeds the accumulated revaluation gains accumulated in capital and reserves in respect of that asset, the excess shall be recognised in profit or loss.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Freehold property	2.0%
Plant and machinery	12.50%
Fittings fixtures and equipment	12.50%
Motor vehicles	12.50%

If there is an indication that there has been a significant change in depreciation rate, useful life or residual value of tangible assets, the depreciation is revised prospectively to reflect the new estimates.

Impairment

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting

When it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets.

Stocks

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost includes all costs of purchase, costs of conversion and other costs incurred in bringing the stocks to their present location and condition.

Hire purchase and finance leases

Assets held under finance leases are recognised in the statement of financial position as assets and liabilities at the lower of the fair value of the assets and the present value of the minimum lease payments, which is determined at the inception of the lease term. Any initial direct costs of the lease are added to the amount recognised as an asset.

Lease payments are apportioned between the finance charges and reduction of the outstanding lease liability using the effective interest method. Finance charges are allocated to each period so as to produce a constant rate of interest on the remaining balance of the liability.

3. Turnover

Turnover arises from:

	2019	2018
	€	€
Sales	3,089,851	2,777,637

The whole of the turnover is attributable to the principal activity of the company wholly undertaken in Ireland.

4. Operating profit

Operating profit is stated after charging/(crediting):

	2019	2018
	€	€
Depreciation of tangible assets	325,626	330,017
(Gain)/loss on disposal of tangible assets	(1,842)	(56,956)

5. Staff costs

The average number of persons employed by the company during the year, including the directors, was as follows:

	2019	2018
	Number	Number
Management	3	3
Administration	5	8
Production	20	26
	28	37

The aggregate payroll costs incurred during the year were:

	2019	2018
	€	€
Wages and salaries	1,032,010	946,645
Social insurance costs	107,462	98,711
	1,139,472	1,045,356

6. Directors remuneration

The directors aggregate remuneration was as follows:

	2019	2018
	€	€
Director's Remuneration including Connected Parties	197,429	181,887

7. Other interest receivable and similar income

	2019	2018
	€	€
Bank deposits	46	-

8. Tax on profit on ordinary activities

	2019	2018
